MUSEUM NOTES

I hope you all had a pleasant summer vacation. Now we are back to regular meetings again. We had a busy tourist season. School groups visiting and donations of various kinds. There is in progress taping of people with stories of their living in this beautiful part of the world. I hope we can have a whole program of these tapes. They have been run at KMCN but many missed them. The station is doing this project for the historical society and their programs. Do take part when you are asked. It don't hurt one bit.

How did you make out with your cemetery recording program? If you did one please turn in soon. McBride Cemetery in file. Plans are under way for a fire alarm system, furnace improvement and insulation to save fuel. The yard has been very pretty with pink petunias and the green shrubs. Thanks to the McMinnville womens Garden Club. They won some funds to help cut on cost of materials.

We had 165 guests the day of the tour of, "Museum, the Apperson House and Cook House in McMinnville," Jun. 7. We need more of these kind of tours. See you all Sept. 9.
