The "FF" behind each family file, being redundant, has been eliminated. The Family Files binder listings are all family files unless otherwise noted as follows:

no FF: indicates there is no family file and refers you to other files

BIO/no FF, Book/no FF, DVD/no FF, CD/no FF, etc.: indicates there is no family file but other info

BIO, Book, DVD, etc.: indicates other info in addition to a family file

DVD: video presentation, usually YCHS monthly meeting speaker

CD: audio interview
